

SERVICE OUTLINE FOR SABBATH 29th FEBRUARY 2020

MORNING PRAYER SESSION: 9:45 - 10:00

BIBLE STUDY HOUR 10:00

Welcome:	Margaret Owusu-Obeng
Opening Hymn:	532 – “Day By Day”
Prayer:	Margaret Owusu-Obeng
Introduction	Margaret Owusu-Obeng
Lesson Study:	Les Simpson
Mission Offering & Closing Hymn:	530 – “It Is Well With My Soul”
Benediction:	Elder Brenya Obeng

DIVINE SERVICE 11:15

Welcome & Announcements:	Elder Goodmore Kanyongo
Opening Hymn:	213 - ‘Lift Up The Trumpet’
Opening Prayer:	Elder Goodmore Kanyongo
Scripture Reading:	Wallace Hacuma
Tithes & Offering:	Wallace Hacuma
Children’s Story	Ashley Hacuma
Sermon	Daisy Kanyongo
Closing Hymn	428 – ‘Sweet By and By’
Benediction:	Daisy Kanyongo

AFTERNOON SESSION 14:15

MINISTER

Pr. J. Botha
Mobile: 07817697263
Email: jimbotha@gmail.com

	Goodmore Kanyongo 07398726244 jgkanyongo@gmail.com

THOUGHT FOR THE WEEK: Stones Crying Out

AN AMAZING FACT: One of the earliest types of radio was called a crystal radio and did not require any power source. It got its name because it had a tiny piece of crystalline mineral, usually galena, in its electrical circuit. This enabled it to receive signals and “amplify” them in early earphones before modern diodes were invented. Today most radios amplify the incoming radio signal with a battery or other power source.

It is truly amazing to see how far and fast technology has come in the last 90 years since radio was first introduced. We can mention not only radio and television, but sonar, radar, microwave, and cell phones. Medical technology has also made breathtaking breakthroughs in non-invasive imaging techniques such as CT and MRI (magnetic resonance imaging). But probably one of the most influential technological developments has been the personal computer.

At the heart of all of these electronic devices is again another mineral, this time not galena, but silicon. Silicon is a semi-conductor, which means it partially restricts the flow of electricity. When sandwiched into electronic “chips” in the right way, silicon can act as a variable “gate” to control the flow of electricity in response to small input voltages. This results in a very precise control of electricity that is needed in most electronic devices today, and it’s why integrated circuits (made of silicon) are essential in amplifiers of just about every kind of electronic device, including modern-day radios.

When Jesus was riding on the colt into the city, the crowd of disciples began singing and praising God. The watching Pharisees told Jesus to rebuke His disciples. But Jesus responded by saying, “I tell you that if these should keep silent, the stones would immediately cry out.” (Luke 19:40) Was this a prophecy? Today, the rocks are truly crying out. There are literally millions of tiny pieces of silicon faithfully crying out the gospel message through radio, TV, computer, and other devices.

As God’s people, let us be faithful to not only use the technology He has so miraculously provided for us near the close of Earth’s history, but to be personal, living, breathing witnesses to God’s faithfulness in our lives.

KEY BIBLE TEXTS: Ye are my witnesses, saith the LORD, and my servant whom I have chosen: that ye may know and believe me, and understand that I am he: before me there was no God formed, neither shall there be after me. Isaiah 43:10

ANNOUNCEMENTS

WELCOME: We are delighted to welcome you to Dundee Seventh-day Adventist Church; especially if this is your first visit. May our time together be blessed! We extend a warm invitation to all to join us for a bring-and-share meal immediately after the service.

HEALTH CLUB: The next meeting will be on Sunday 1st March @ 1:45-3pm, we will be looking at the digestive system, with demonstration of homemade health bars and smoothies.

FOODBANK APPEAL: Please be generous and donate some tins or tasty treats for the local Dundee Foodbank this winter. Everyone needs to eat to keep warm and stay healthy. So please spare a thought for the poorer ones in our community. The collection box for your donations of non-perishable food items is in the fellowship hall.

MIDWEEK PRAYER: Every Wednesday from 6:00 pm at Church. You are welcome to the Testimony and Prayer Sessions, invite friends and families.

TITHE, OFFERINGS & OTHER PAYMENTS: Sort Code: 83-25-25, Account No: 00172727 and email n.robertson@onetel.net

MEDIA RECORDING: No unauthorised video, still pictures or audio are to be recorded during church services. During special events and other services, only the church's communications team is allowed to record any media and to make it available to the members through the channels available.

CHILDREN SAFETY/CARE: In Dundee, our intention is for everyone to enjoy their worship experience. We therefore request that all parents should always know where their children are; and are responsible for their children's whereabouts on church premises. Thank you for understanding.

BULLETIN ITEMS: Forward to: mervyn007fa@gmail.com or WhatsApp 07412679232 by Thursday evening.

Forthcoming Preachers

29/02 – Daisy Kanyongo
7/03 – Women's Day
14/3 – Paul Milne
21/3 – Pr. Jim Botha
28/3 – Elder Goodmore Kanyongo

Forthcoming Events

7/3 – Women's Day of Prayer
21/3 – Global Youth Day
21-28/3 – Youth Week of Prayer

SUNSET TIMES:

Friday 28th February – 17:41
Saturday 29th February – 17:44
Friday 6th March – 17:59
Saturday 7th March – 18:01

Church Address:

Rennell Road, Dundee
DD4 7DU
www.adventistdundee.com

BULLETIN FOR 29th FEBRUARY 2020

**Guided by God's sufficient grace
Relying on God's free gift of grace
Acclaiming God's abundant grace
Calling all to live by God's merciful grace
Enlightened by the sure word of God's grace**
